📍 Toronto

Ayaan Garad is a Project Coordinator in MEA Forensic's Toronto office and works closely with engineers in the Human Factors and Video Analysis groups. From fielding client questions, to keeping engineers on schedule, Ayaan takes a client-centered approach. "I enjoy working with people and building strong relationships."

Ayaan's curiosity drew her to the forensic industry, and its unique challenges have kept her here. In addition to keeping projects on track, she enjoys the investigative side of her work. "I love tracking down obscure information, like finding an old service manual for a truck, or specific tire specifications".

With a background in business administration, and prior experience working as an account manager and executive assistant, Ayaan handles complex, multifaceted tasks efficiently. And her professional and cheerful attitude re-enforce her customer service focus.
